Love Shania Twain and love this performance, but I have to laugh... she looks like a classy dominatrix (if there is such a thing).

Absolutely love Shania, but has anyone else noticed she sounds a bit ropey when she sings Man! live? I first heard her do it on Top of the Pops, but I just thought she was ill at the time... but this one's the same.

Yeah, Shania has said she gets nervous while doing television performances (front of camera). She has never got over it. However she said she loves performing in front of a crowd. It is natural to her. If you see her LIVE (on tour) it sounds as good as the album.
